SCP-008

Good evening Scientific Board, my name is Redempted and I represent the Medical Chief Council. The purpose of this transmission is to notify you that we would like to express interest in creating a joint-research agreement involving SCP-008. This agreement will have the following clauses that are up for negotiation.

- The Medical Department and Science Department will freely share information gained from SCP-008 in order to better understand the entity.
- The Medical Department and Scientific Department will share joint custody over Researching SCP-008
- Results gained from tests involving SCP-008 will be jointly published by both Departments in the event that they are requested.

If you have any questions about the terms of the joint-research agreement please contact me at Redempted #2402 over the Official Communications Array.

With regards,
